Requirements: INFORMAL, HIGH LEVEL

1. AEC Commissioner Delegate(s) can submit candidate details to be shown to voters.
2. Submitting candidate details includes inputting the candidate's order within their party.
3. A voter's preferences can be entered 'below the line', 'above the line' or both.
4. A voter which does not vote for at least 6 candidates above the line or 12 candidates below the line will not be able to successfully submit their vote.
5. A single voter can only submit their vote once.
6. The voter will input their preferences by inputting numbers 1-6 and/or 1-12 in the provided boxes.
7. The order in which candidates should be elected will be calculated from the votes.
8. AEC Commissioner Delegate(s) can manually exclude candidates in the event of a recount ordered by the High Court sitting as the Court of Disputed Returns.
9. AEC Commissioner Delegate(s) can modify the details of candidates, including their order within their party grouping.
10. The commissioner shall be able to view the results of the vote.
11. As a voter, I can modify my choices before submitting.
12. As a voter, I can view the names of all the parties and candidates.

User Stories

FORMAL, LOW LEVEL

As an AEC Commissioner, so that voters can select their desired candidates, I want to submit candidate details which includes their order within their party.

Priority: 1

Estimate: 4

Matej

As a voter, so that I know which candidates I want to vote for, I want to see the names of all parties and their candidates.

Priority: 2

Estimate: 2

Lewis

As a voter, to submit my preference, I want to select the candidates from a predetermined list in my chosen order and submit.

Priority: 3

Estimate: 4

Lewis

As a voter, so that I can change my mind while voting, I want to be able to modify my voting preferences before submitting.

Priority: 4

Estimate: 1

Mingtian

As a voter, so that my vote is considered valid, I need to input unique numbers in at least 6 boxes above the line OR at least 12 boxes below the line.

Priority: 5

Estimate: 2

Guy

User Stories

As a voter, so that I can vote in a familiar way, I want to be able to vote 'below the line', 'above the line' but not both.

Priority: 6
Estimate: 2

Guy

As an AEC commissioner, so that I do not need to check for duplicate votes, I want the system to prevent voters from being able to vote twice in the same election.

Priority: 7
Estimate: 2

Guy

As an AEC Commissioner, so that candidates' details can be kept up to date, I want to be able to modify the details of existing candidates.

Priority: 8
Estimate: 3

Jiarong Fan

As an AEC commissioner, so that I do not have to manually count votes, I want the system to provide the results of the vote, following the Australian preferential system.

Priority: 9
Estimate: 2

As an AEC Commissioner, so that I can check how many votes a candidate has received, I want to be able to view the results of the vote.

Priority: 10
Estimate: 4

As an AEC Commissioner, in the event of a recount ordered by the High Court sitting as the Court of Disputed Returns, I want to be able to manually exclude candidates.

Priority: 11
Estimate: 5
